ANTIK
Digital Signage Solution

CUSTOMIZABLE DESIGN & BRANDING

Key Features

- complex advertising delivery system
- combination of live TV streams with standard multimedia designing components available
- large variety of indoor & outdoor LED TV panels
- low power consumption
- HD & Full HD resolution
- low operational costs

Comprehensive Multimedia Advertising Delivery System

Built on more than 20 years of our experience in digital TV and many years in IPTV, we created low-investment and low operational costs LED panel system controlled by state-of-art ANTIK DS Management System. You can either upload ready to publish campaign delivered by your advertising clients or build the campaign for him using ANTIK DSS Producer. To design the campaign, all standard multimedia components can be used – pictures, music, video (even in combination with live TV channel broadcasting) all mixed with many eye-catching effects.

TV panels itself are controlled by low-power Antik DS set-top boxes. In comparison to Intel PC based panels, in each project you save significant investment money, not mentioning dramatically lower power consumption and quiet operation (no fan on set-top box necessary). There is wide range of panels which differs in size and usage for indoor or high contrast displays for outdoor. For low-cost operation, our Antik DS set-top boxes can be also utilized together with standard HD TV sets.
